

Important Policy Information & Documents

Here you'll find all of our Travel Insurance Policy Documents. This includes our Insurance Product Information Documents (IPID), our full Key Facts which shows the full Levels of Sums Insured for each Product and our Policy Wording. Here, you can view and download these documents on your computer or device.

 It is very important that you read all of your Policy Documents carefully before you travel to understand what you are and what you are not covered for.

Your Policy Documents will vary depending on the date you bought it or the Product you have chosen, so it's best to check the date you purchased your policy first.

Before you buy your Travel Insurance

Before you choose and buy your Travel Insurance Policy, please read the Insurance Product Information Documents (IPID's) which are really useful to make your own informed decision and help decide if this Insurance meets your requirements.

IPID's can help to make sure that the Policy you're choosing is right for you. However, an IPID only shows the top Levels of Cover provided under each Product and some important details regarding what is and what isn't covered. For the full Terms, Conditions and Exclusions, please read the full Policy Wording.

To including Optional Extra Cover such as Excess Waiver Option, Additional Cover for Valuables, Cancellation Top Up cover etc, please see full details [here](#) or call our Customer Support Team. Please note that you may have to pay an additional premium for these Optional Extra's.

There is a different IPID for each Product. All of our Products are all arranged by Globelink International Travel Insurance Consultants Limited ("Globelink International")

Our Products are Insured by Lloyd's Syndicate 4444 which is managed by Canopus Managing Agents Limited.
